<sup>1</sup>The bonus is credited only to the Enhanced Withdrawal Benefit (EWB) value. The EWB value is not available if the contract is surrendered or annuitized. To receive the EWB value, including the bonus, the contract must be held for at least 10 years, and then EWB payments must be taken over at least an additional 10 years under one of two EWB income options. EWB payments are considered partial withdrawals and are subject to ordinary income tax. Because this is a bonus annuity, it may include higher surrender charges, longer surrender periods, lower caps, or other restrictions that are not included in similar annuities that don't offer a premium bonus.

Withdrawals are subject to an ordinary income tax and, if taken before age 59½, a 10% tax penalty.

Guarantees are backed by the financial strength and claims-paying ability of Allianz Life Insurance Company of North America.
